

GALBRAITH AGAIN HEAD OF LEGION

Veterans Plan Extensive
Americanism Campaign
at Once.

CLEVELAND, O., Sept. 30.—J. W. Galbraith, Jr., of Cincinnati, was elected national commander of the American Legion at the closing session of its second annual convention. Galbraith was chosen on the second ballot, his closest opponents being Hanford McNider, of Iowa, and G. F. J. Herbert, of Massachusetts. On recommendation of the Americanization and pro-American work committee the convention voted that the National Americanism commission be adequately financed, that its activities be concentrated on a nation-wide, educational, Americanization and propaganda work, and that its office be moved from New York to legion headquarters at Indianapolis.

PLOTS AGAINST KING IS IRISH AFFAIR ECHO

LONDON, Sept. 30.—Rumors of widespread plots which have ranged from conspiracies to assassinate King George to blowing up of the Houses of Parliament, have been current in London during the past few days. These reports have been caused by fear that the lives of public men in Great Britain might be jeopardized should any of the Irish hunger strikers die, particularly now that the "Black and Tan" police have made reprisals in several Irish towns.

AMERICAN FIRMS FEAR ITALIAN RED SEIZURES

ROME, Sept. 30.—Several American firms having plants in Italy have become alarmed over the situation here, and it is declared they would prefer quitting business rather than have their property seized by workmen. Their alarm is largely due, it is said, to a misunderstanding of the Italian word "controllo," which, wrongly translated, has been taken to mean "control." Its real significance is, however, that the men would be allowed to take part in the technical, financial and disciplinary management of factories.

Only Two More Days. Don't miss the Big Fur and Smoking Samson's good Fur De Melba Cigars.

OIL MEN INDICTED.
NEW YORK, Sept. 30.—An indictment charging use of the mails to defraud was returned by the federal grand jury against the Stanton Oil company, the K. M. Stanton corporation, incorporated brokers, and three alleged promoters, Katherine M. Stanton, Frank A. Dwyer and Albert J. Froelich.

PROPOSES BOUNDARY FOR POLISH PARLEY

RIGA, Sept. 30.—Russian Bolshevik representatives at the peace conference here have submitted to Polish delegates suggestions for the boundary line between Poland and states adjoining to the east.

At many points it is some distance east of the line fixed for Poland's eastern frontier at the Versailles conference. Soviet delegates propose that hostilities cease within forty-eight hours after the preliminary treaty of peace is signed, and that Polish troops withdraw about fifteen miles westward of the demarcation line. They undertake to agree that the Russians will withdraw the same distance. This strip of territory would be a neutral zone during the final peace arrangements.

DEMONSTRATION CAUSES MEXICAN ARMY SCANDAL

MEXICO CITY, Sept. 30.—Col. Filiberto Villareal has been dismissed from the army for having participated in Sunday's demonstration, during which incendiary speeches were delivered from the central balcony of the national palace.

Three members of the chamber of deputies, and Luis Morones, a former Carranza agent, have been cited before the federal court by the attorney-general for the same offense. Telegrams from many parts of the world have been received, asking information as to the government's attitude regarding the demonstration. Provisional President de la Huerta has replied by means of a circular telegram, repeating assertions he made to newspapers here in which he declared the original aims of the demonstration were legal but that agitators seized an opportunity to deliver seditious speeches.

LEGION FAVORS ANTI-JAP MOVE

Barring of Immigrants Recommended in Stormiest Session of Convention.

CONVENTION HALL, Cleveland, Sept. 30.—The report of the committee on Americanism of the American Legion in second annual convention here yesterday, recommended the cancellation of the so-called "gentlemen's agreement" with Japan; exclusion of "picture brides," and rigorous exclusion of the Japanese as immigrants.

The report recommended that "we enter a vigorous protest against the demand of Japan that naturalization rights be granted to its nationals now in the United States and that we request the state department of the United States in its settlement of this question not to consider any proposition which will grant rights of naturalization to this unsimilable people."

The debate that followed the reading of this section of the report was the stormiest of the convention. The report of the committee on Americanism dealing with the Japanese question was adopted and read.

Armenian Defender Gives Lie To Reed; Is Kicked Off Lot

TOPEKA, Kas., Sept. 30.—"What you say about Armenia was a lie,"

shouted a dark-skinned stranger as he approached the platform from which Senator James A. Reed, of Missouri, had just delivered an address at the 35th division re-

union in which Reed had declared that the Armenians were more brutal than the Turks "when they get the upper hand."

Capt. W. P. MacLean, a veteran of the 35th division, and now head of the Kansas Industrial School for Boys, attempted to intercept the man, and in the struggle that ensued when the captain attempted to put

him off the grounds, struck the stranger in the face. The man ran, the captain pursuing and kicking him for a distance of two blocks. The man kept running and the only

clue to his identity was the hat he left behind. The kick's reunion ended last night with a carnival and patriotic celebration.

Gerber
MEMPHIS

Autumn stocks in plentiful assortments and many times lowered prices on

Women's outer apparel of style distinction

Alert buying and many times our margin of profit being below normal affords our clientele the benefit of lower markings that have been ardently waited for, as the following will demonstrate—
